Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 09 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cold with further snow showers in the east.

This Evening and Tonight:
Further snow showers, particularly over eastern UK where snow showers quite persistent in some places. Some clear spells too and very cold and frosty. Many areas becoming less windy.

Wednesday:
Another cold day, but less windy than on Tuesday. Most areas seeing sunny spells, but also still some snow showers about, mostly over eastern UK.

Outlook for Thursday to Saturday:
Snow showers in the northeast with some snow affecting the southwest for a time overnight Thursday into Friday. Otherwise mostly dry and cold. Rain and snow spreading east on Saturday.
